Swimming Pool Media Filters

Key Product Features & Benefits

The BARACUDA® Thermoplastic media filters have been designed to ensure years of service with minimum maintenance.

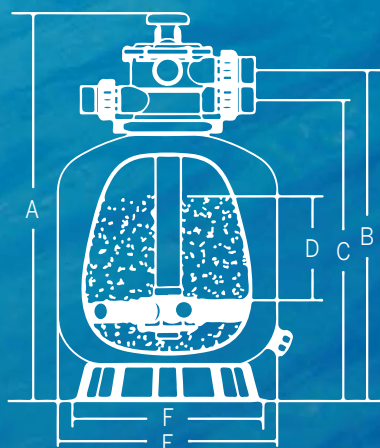

Constructed from high-grade polyethylene, the filter tank is both corrosion and UV resistant. The filters are also equipped with a robust base to ensure extra stability.

BARACUDA® Multiport Valves are constructed from heavy duty ABS, and are designed for maximum performance and working pressures.

The Baracuda BTM Thermoplastic Filters are equipped with:

1. 6-way clamp style multiport valve (40mm/1.5"MPV)
2. Universal standard of union connection
3. Pressure Gauge
4. Lateral System

Product Specifications

MODEL	A(mm)	B(mm)	C(mm)	D(mm)	E(mm)	F(mm)
